

Jenison Christian Church

2010 Bible Reading Plan

Here are the distinctive characteristics of the Jenison Reading Plan:

1. It is a plan with “breathing space”. Most people cannot read the Bible every single day, so we schedule readings during the week and “catch up days” on the weekends. If you are on schedule, then use the “bonus readings” provided.

2. It is a “highlights” plan. You will not read every verse of the Bible, but you will read the majority of the Old & New Testaments during the year. (The Bonus Readings will take you through the entire books of Psalms and Proverbs).

3. It is an “alternating” plan. Most Bible reading plans start with Genesis and go straight through to Revelation. As a result, you do not start reading in the New Testament until late in the year. Our plan alternates between New Testament and Old Testament readings.

4. It is a “variety” plan. To add variety, the daily readings are of various lengths. On a day when the reading is short, take a few extra minutes to contemplate what you have just read.

5. It is a “people focused” plan. The daily readings emphasize the actions, qualities, or characteristics of people (and God!) This can help you better understand how to use the biblical principles you read about in you own daily life.

If you read just 10-20 minutes each day, you can accomplish this plan!

Put a check-mark in the box each day to track your progress.
